## ABOUT KELLY

Kelly is a passionate educator with 20+ years experience as a PDHPE & Community & Family Studies (CAFS) teacher. She has presented workshops across NSW in Health and Physical Education & CAFS and in Australia on teaching pedagogy, specialising in formative assessment and curriculum design.

Having dedicated her career to working with government and community organisations to support the development of teachers and their students through professional learning, webinars, resource development, marking and mentoring; Kelly seeks to provide professional learning and resources with a difference.

Kelly started supporting the professional learning of teachers in 2010 where she held voluntary roles on the ACHPER NSW Board from 2014-2016 and was ACHPER NSW President from 2016-2018. Her contributions to the organisation were recognised by the Professional Teachers' Council NSW in 2014 for her work where she received an Outstanding Professional Service Award as an acknowledgment of excellence in the profession.

Her commitment to supporting teachers to be innovative with sound pedagogical skills was further developed when Kelly completed a Master in Educational Leadership from the Australian Catholic University in 2015. She was a HSC Marker, Judge and held the position as the NSW Community & Family Studies Supervisor of Marking for the HSC from 2018-2022.

Kelly has worked with hundreds of public, independent and Catholic schools across NSW to audit their current approach to curriculum, programming and formative assessment in subjects in the PDHPE Faculty, including extensive work with schools in PDHPE and Community & Family Studies.

Since starting The Learning Network, an educational consultancy organisation in 2020; Kelly has supported close to 2000 PDHPE and Community & Family Studies teachers across NSW in online courses, resources, memberships, coaching & mentoring and 1000s of CAFS students in her Year 11 & 12 CAFS MasterClasses.

She is the host of The PDHPE & CAFS Podcast where shares weekly insights, interviews and advice about PDHPE; Community and Family Studies; curriculum design; formative assessment; teaching and learning and teacher wellbeing.

Kelly is surrounded by the beach, bay and bush on the sunny Central Coast of NSW, Australia. When she isn't providing massive support for teachers to connect, learn and grow together; you can find her in the gym, on a run, with her family or on the beach reading.
