The Learning Network Podcast

ABOUT KELLY

I have been teaching Community & Family Studies since 2004, and early on I realised that CAFS teachers needed (and wanted) more support and I did all I could.
I have co-authored two textbooks, presented numerous study sessions and mentored teachers at professional development days and conferences for over 10 years.

These days I support thousands of CAFS teachers and their students inside The Learning Network.

My mission:
To provide all of the support, encouragement, resources and information you need to help your CAFS Crew succeed without compromising your time & wellbeing in the process!

MORE ON THE COURSE

The HSC - The HSC explained & what you can do to best prepare your CAFS class.
Cores & Options - All Cores & Options covered in this small group experience.
Marking Training - Extensive training by highly experienced CAFS teachers & presenters.
Marking Practice - Practise marking of all Cores & Options to experience all parts.

TEACHING STANDARDS

Marking Experience in CAFS will contribute 7 hours of NESA Elective PD: Addressing descriptors 5.1.2, 5.2.2, 5.3.2 & 5.4.2
